## Welcome

Dear colleagues and friends,

On behalf of the organizing institutions we are very proud to invite you to the 2<sup>nd</sup> International Conference "Strategies in Tissue Engineering", which will take place again in the charming city of Würzburg, Germany.

The first conference in 2004 attracted more than 450 participants from 19 countries and covered all topics related to tissue engineering. For our 2006 meeting we endeavour to produce a refreshing program that includes as many new faces as possible, reflects the international nature of the tissue engineering enterprise and focuses on main topics. Well-known international scientists will be invited to discuss with you the latest developments in musculoskeletal engineering, cell and tissue imaging, cell-based clinical applications, quality control and economic perspectives. Additional symposia and workshops will cover all other topics related to the field of tissue regeneration.

As in 2004, it is one of the major goals of the 2006 meeting to give young researchers and students the possibility to participate at a top-class meeting for very low costs.

We would be very proud to welcome you again to a meeting which will provide ample opportunity to confer with your colleagues in a relaxed fashion.

Sincerely yours,

Jochen Eulert (Germany)  
Christopher H. Evans (USA)  
Ulrich Nöth (Germany)  
Ulf R. Rapp (Germany)  
Rocky S. Tuan (USA)

## Main Topics

- Engineering of the Musculoskeletal System
- Cell-based Clinical Applications
- New Tools for Cell and Tissue Imaging
- Economic Perspectives and Quality Control

## Additional Topics

- Mesenchymal and Embryonic Stem Cells
- Development and Regeneration
- Novel Biomaterials
- Drug Targeting and Release
- Gene-based Tissue Repair
- Visceral Organs
- Nervous System
- Skin and Epithelia

## Abstract Submission

Abstracts can be submitted for poster or oral presentation only at

[www.wite.org](http://www.wite.org)

Submission opens October 1, 2005  
Abstract Deadline: February 5, 2006

## Conference Fees

Early registration until March 5, 2006:  
190 €, Students 60 €

Regular Fee:  
250 €, Students 75 €

Special reduced fees for groups and individual participants may apply.

## Social Program

Tuesday, May 30  
Welcome Reception

Wednesday, May 31  
Poster Session with Wine and Cheese

Thursday, June 1  
Gala Dinner at the Würzburger Residenz
